WOMEN’S SUFFRAGE

Thurs, September 24, 6:30-8:30pm

Zoom Event hosted by
the Hartford History Center at Hartford Public Library
RSVP to jeagosto@hplct.org

Join us for a discussion on the impact of the woman’s vote on contemporary politics, and it’s relevancy throughout the 20th century. There will be small group discussions based on short readings provided in advance and an opportunity to view the online Hartford History Center exhibition October 1920, which features Hartford women who registered to vote for the very first time.
